

Adults Can Now Get More Dental Services through Medi-Cal!

Beginning January 1, 2018, adults with full-scope Medi-Cal will have more dental benefits.

Major covered services include: NEW for 2018!

- Partial dentures
- Partial denture adjustments, repairs, and relines
- Gum treatment (scaling and root planning)
- Custom crowns
- Root canals in back teeth

Other Medi-Cal Dental Services:

- Initial exam
- Cleanings
- Fluoride Treatment
- X-Rays
- Fillings
- Premade crowns (resin and stainless steel only)
- Tooth removal
- Root canals in front teeth
- Full dentures
- Full denture adjustments and repairs

Restricted scope: If you have restricted scope (also called emergency Medi-Cal), your benefits cover extractions and emergencies only (such as severe pain, fractured teeth, uncontrolled bleeding in the mouth, etc.). If you have pregnancy-related Medi-Cal, you can get all of the services above.

Find a dentist: You can find a list of Denti-Cal providers by going to <http://bit.ly/Medi-CalDentist> or calling 1-800-322-6384.

Appeal rights: If service is denied, you have the right to appeal and should have received a notice explaining those rights.

Questions or trouble accessing dental services: Contact the Health Consumer Alliance (HCA) for free and confidential information. If you call HCA's statewide toll-free number (1-888-805-3536), you will be connected automatically to the local health consumer center in your area.
